

# North – south route (west)

**Kingsway/A167 Greenspace , Kingsway/Queensway, Kingsway/Fenham Hall Drive, Cedar Road/Bolbec Road, Hadrian Road/Gowland Avenue, West Road/Gowland Avenue**

## What's the idea?

To provide a package of measures to improve the connection of this local route, road safety and visibility for people on foot and on bikes, North from Kingsway/A167 Greenspace south to West Road/Gowland Avenue.

## What are the benefits?

The package of measures to improve this includes:

- Improvements to the pathway across the greenspace between Kingsway and the A167, these include widening the existing pathway, introducing timber edged kerbs and low level lighting.
- Install yellow lines at the junction of Kingsway and Queensway and other measures to improve access and visibility.
- Build out the edges of the kerbs and introduce yellow lines to improve safety and visibility at the junction at Kingsway/Fenham Hall Drive and Bolbec Road.
- Improved crossing facilities and tightening up of the junctions to reduce turning speeds at Cedar Road/Bolbec Road and traffic calming features to maintain the 20mph zone.
- Improved cycle access through the existing road closure Hadrian Road/Gowland Avenue and on the other side at the junction introduction of planting and seating.
- Removal of guard rail, introduction of yellow lines and an advanced stop line at the junction of West Road/Gowland Avenue.

## How can I be involved in shaping this proposal?

Follow the link below to take part in our online survey or call in at Fenham Library and pick up a copy of the survey for this scheme. Alternatively you can ring **0191 277 7541** and ask for a copy of the survey to be posted to you.
